

DPD ECONOMY CU

Cost-effective Delivery of Heavy Parcels and Collective Consignments between cities of Kazakhstan and Russia

Brief Profile:

- Delivery terms: from addresser's door to addressee's door, from addresser's door in the Republic of Kazakhstan to the terminal at the destination in the Russian Federation, from the terminal at the shipping point in the Russian Federation to addressee's door in the Republic of Kazakhstan.
- Delivery from / to the terminal at the shipping point/destination in the Republic of Kazakhstan is proposed for the cities where DPD terminals are located.
- Maximum weight of a package is 1,000 kg.
- Maximum dimension of a package is **350 cm** long, **160 cm** wide and **180 cm** high.
- Volumetric Weight: **1 m³ = 250 kg.**
- Accompanying documents are required for goods of Russian and Kazakh origin:
 - Original Consignment Note
 - Original Invoice sealed
 - Copy of a Sale Agreement (Delivery Contract) certified by the addresser
 - CT-1 certificate (confirming the origin of the goods): original and copy certified by the Chamber of Commerce
 - Copies of Customs Freight Declaration certified by the Customs House are additionally provided for the imported goods.
- A way and cost of delivery of parcels with dimensions and weight exceeding the maximum ones is additionally coordinated.

How to calculate Door-to-Door Delivery

1. Identify the code for rate zone for your shipping/destination Russian city in the Rate Zones. Russian Cities table on page 2.
2. Identify the rate zone number for the Kazakhstan city in the Rate Zones. Kazakhstan Cities table on page 3. Make sure that the special offer is valid for your desired destination.
3. Define a code of the rate for this direction in the Rate Matrix table on page 3. If destination city for your parcel is a city in the Republic of Kazakhstan, you need a delivery table, if a city of the Republic of Kazakhstan is a shipping point, see pick-up location table.
4. Find weight which corresponds to the weight of your shipment in the leftmost column of the Door-to-Door Rate Table on page 3.
5. Rate of your shipment is at the intersection of the weight line and column with the applicable code of rate.

Example: You need to deliver the consignment made of Russia, weighing 70 kg from Almaty to Novosibirsk to the addressee's door.

1. On this route you may take advantage of a special offer as Novosibirsk and Almaty are presented in Rate Zones tables. Code of Rate Zone for Novosibirsk is viii.
2. Rate Zone No. for Almaty is 2.
3. Destination city Novosibirsk is the city of the Russian Federation. See the delivery table. Rate Code from Novosibirsk shipping city to Almaty destination city is H4.
4. Weight of your shipment is 70 kg, the nearest weight in the rate table is 50 kg.
5. Rate for 50 kg is 14,500 tenge, rate for subsequent kilogram is 50 tenge.
Thus, H4 rate for 70 kg is:
 $14,500 \text{ tenge} + (70 \text{ kg} - 50 \text{ kg}) * 200 \text{ tenge} = 18,500 \text{ tenge}$
VAT exclusive

How to calculate delivery "to / from the terminal"

1. In the Rate Zones. Russia Cities table on page 2, verify whether a special offer is valid in the shipping/destination cities of your interest.
2. According to the above rule, determine the Door-to-Door rate for your package.
3. Find Discount Rate for you shipping/destination cities at the intersection of the column with the shipping/destination city and a line with a weight corresponding to the weight of your shipment, in the Pick-up/Delivery Rate Table.
4. Rate in question is Door-to-Door rate minus Discount Rate for your shipping/destination cities.

Example: You need to deliver a consignment made of Russian weighing 70 kg from Almaty to Novosibirsk. In Almaty, it is convenient for you to on your own bring the goods to our terminal.

1. In Almaty there is a branch, so you may order your package is shipped from the terminal.
2. The above example calculates the rate for a package weighing 220 kg, Door-to-Door from Almaty to Novosibirsk: 18,500 tenge, VAT exclusive.
7. You are offered a discount for goods pick-up in Almaty. The discount is: 600 tenge (discount for 50 kg) + (70 kg - 50 kg) * 75 tenge = 2 100 tenge VAT exclusive.
The total rate for your package is 18,500 tenge – 2 100 tenge = 16,400 tenge VAT exclusive
